Sir:

**RESPONSE**

Responsive to the Official Action dated December 31, 2002, the Applicants elect, with traverse, the subject matter of the Examiner's Group I for further prosecution in the above. The Applicants note in this regard that the Examiner has indicated that claims 12, 16 and 20 are directed to a method of inducing apoptosis and are included in a separate Group II. In fact, claims 12, 16 and 20 should be included in the Examiner's Group I as claims 12, 16 and 20 are directed to polypeptides or compositions or products containing the same.
